Unitarian Universalist Church of Asheville, One Edwin Place, Asheville NC 28801

Thank you for your commitment to our faith community.

It's Easy!

How much should my financial commitment be?

We challenge everyone to look at 3% of their adjusted gross income as a starting point. We trust that those who can give more generously will do so, and that those who must give less will give as generously as they can. In these trying economic times, all of us must examine our situations and decide how best to dispose our financial resources. Reflecting on the value of the UUCA, in our personal lives as well as in the life of this WNC community will inform our decisions. Please remember that when you itemize deductions on your income tax return, you may deduct contributions to UUCA. You may wish to consider giving appreciated stocks or mutual fund shares; those gifts have other tax advantages. If you are interested in this, please call the office.
